MISLEADING INFORMATION FROM GOVERNOR'S COUNCIL

Semi-official Statement from the Company -- The Question But Informally Submitted to the Executive.

"The Rapid Transit Company has not made application for the approval of its plans for construction of a line from Alexander street to Walkiki road and out that thoroughfare to Waikiki, as was stated erroneously in the afternoon papers of yesterday. The facts are entirely at variance. The property owners have all signed the petition and the government has approved the extension from Wilder avenue through Alexander street, Beretania street and McCully street and the extension of the same, to the Waikiki road, reaching it at a point opposite the house of Fred Harrison.

"Many property owners along the old Walkiki roall, now the Kalla road, are desirous that the Rapid Transit line shall run through that way on the coute to the park. This plan would take the line down from the point at which it strikes the Waikiki road and along the Kalla road until it reaches the road running from a point opposite the residence of J. F. Brown, which the line would follow, returnng to the main Waikiki road at what is known as the Bishop switch on the

"The residents of Waikiki beyond the hotels and out to Kapiolani park, object to the detour of 2000 feet from the direct line out the new Waikiki road, which would result from the di-vergence to the old road. They are orging the board that the line-shall be run direct along the new road to the park. No decision has been made as to which line shall be followed and no application has been mare for privilege of constructions to the Executive Council. All that has been one is to consult the government to other deputy. ascertain its views in the matter since, rom the standpoint of the company,

The foregoing article, impugning the accuracy of the afternoon papers, appears in today's Advertiser and was evidently dictated by the Rapid Transit Company. Most likely it is straight goods, yet the afternoon papers are in-nocent of either carelessness or mis-

representation. What the Bulletin published yesterday was precisely what was given to its reporter by the private secretary of the Governor. He said that "two parties" had protested against the Waikiki route previously submitted by the company, but claimed that it would be improper at that stage to give the Co. Express, names. On this occasion no other reporter was present.

What the Bulletin published some days before about "going up Fort street" was just what Private Secretary Hawes divulged to the reporters of this paper and the Star.

L. A. Thurston, president of the Rapid Transit Company, was asked if the stat [ent in the Advertiser were correct. He answered in the affirma, tive, saying he had supplied the infor-mation. Further, Mr. Thurston stated that news relative to the Rapid Transit Company's affairs given out to the oress from the Governor's Council was invariably inaccurate. He had requested the Advertiser reporter at the Capitol to inquire of himself or some of the directors regarding any transactions of the company with the tovernment before publishing a report thereon. As a matter of fact at These on. As a matter of fact, air. Thurston said, the Waikiki route proposition was only submitted informally to the Governor so that it might be talked over before definite plans were per
